

# THE LYNETTE WEBBE SKILL SHARE SCHEME

## WHAT IS IT?

The Lynette Webbe skill share scheme is a buddy programme offering individuals a chance to be part of a professional creative team. This year we are recruiting for individuals to work with us on our large scale production of Rocket Launch Blaenavon from 23rd of August - 26th of September.

## WHAT WILL YOU DO?

You'll have the chance to be part of the creative main frame of the production. From making props, to designing costumes, to performing, maybe learning how to use technical equipment or building, there are lots of options!

## WHO IS LYNETTE AND WHY IS THERE A SCHEME NAMED AFTER HER?

Lynette was a local Newport lady, you'll see her in the picture above, she has her hands resting on the bongo drum and is wearing a light blue top.

Lynette was passionate about giving everyone the chance to succeed.

No matter who you are, where you were from and what experience you have, there is a place for you.

Lynette sadly passed away during our last big show and we vowed to continue her legacy in offering people the chance to try something new.

## WHAT DO WE NEED?

You need to have an interest in working creatively.

You need to live no more than 20 miles outside of Blaenavon and you need to be 18+.

We need to know what you are interested in, just to help you focus it a little, we'd like to meet people who may be interested in:

- Design (Prop making, set / costume design)
- Production (building, making, measuring, stewarding)
- Performance/Storytelling (Does what it says!)
- Technical (Lighting, sound, all things electric)
- Digital Media (Film, social media, marketing)

## HOW TO APPLY?

Tell us who you are, where you are from and what excites you.

Tell us which position sounds good and why you think you are the right person for it.

## WHAT DO YOU GET?

If you are out of work, out of education or on low income then this is a PAID position for 2 weeks (Exact dates TBC). If you are claiming Universal Credit then please speak to us personally to allow us to help work out how best to support you.
